

# Clare Lodge

St Albans, Hertfordshire

Clare Lodge is ideally situated in a quiet leafy residential road, very close to all major amenities in St Albans. The historic city centre is just half a mile away, where there are many shops, restaurants and places of interest. The home is also close to the countryside and a main line rail route into London. Clare Lodge is a purpose built, mock-Tudor style home, which has been tastefully furnished to a high standard and equipped as one of B&M Care's superior care homes.

This home has been re-born on the same site of the original Clare Lodge, which was B&M Care's first ever home.

This small and friendly home has 24 en-suite bedrooms, 20 with showers, and all of which may be personalised with residents own possessions to help create more familiar surroundings.

Residents may take meals in the splendid dining room or if they wish, in the privacy of their own room. Our resident cook prepares a varied menu of appetising home cooked meals, taking into account nutritional balance and any specific dietary needs or individual preferences. Morning coffee, afternoon tea and snacks are available throughout the day.

At Clare Lodge life is for living and a full and active lifestyle is encouraged. The home benefits from a fully equipped activities suite and the activities organiser arranges a varied social calendar of activities. Residents can expect a varied lifestyle based on choice.

Clare Lodge has high ratios of experienced staff who are trained to meet the needs of residents experiencing the varied conditions that often accompany old age. Our aim is to deliver person centred care for each and every one of our residents. We are committed to maintaining an individual's independence and their fulfillment; to providing an enabling environment; to maintaining an individual's skills and abilities – which gives a resident a sense of well-being and comfort; and to bringing them peace of mind whilst accompanying them on their journey into old age.
