

Templemore Care Home, Northampton, Northants

Templemore is situated between the villages of Duston and Dallington, just a short drive from Northampton. Set in one and a half acres of beautiful landscaped grounds, this 19th Century Manor House has retained many of its original features. The home offers outstanding residential care for the elderly and care for individuals who are experiencing living with a dementia.

The original manor house has been tastefully extended, furnished and equipped to a very high standard to provide accommodation in three separate environments to suit the differing strengths and abilities of residents. The main house at Templemore provides residential and low level dementia care over two floors with lift access to the first floor. The Cedars comprise two purpose built dementia environments that are designed over one level for individuals living with the various stages of dementia. Residents have a choice of beautiful lounge and dining areas throughout the home. A sensory room, hair salon and assisted bath and shower rooms have also been incorporated. There is easy access for residents to the landscaped private grounds with walkways and shady courtyard areas.

Many of the bespoke rooms at Templemore are offered as single en-suite and residents are

encouraged to personalise their rooms to create a sense of home from home, familiarity and belonging.

Residents may take meals in a choice of dining areas or if they wish, in the privacy of their own room. Our skilled resident cook prepares an extensive range of appetising home cooked meals, taking into account nutritional balances and any specific dietary requirements or individual preferences. There is always a choice of menu with refreshments and snacks available 24hrs.
